

Environmental Policy

AWTEC of Plymouth, MI is committed to:

- **Remanufacturing automatic transmissions (A/T's)**
 - **Logistics operations of A/T's and navigation products**
 - **OE technical services of A/T's and navigation systems**
- in an environmentally responsible manner, as related to the Aspects/Impacts identified within our Environmental Management System.**

We will demonstrate continual improvement in:

Achieving EMS objectives and targets.

Waste reduction for pollution prevention.

Team communication and involvement in the community.

Environmental conservation.

Compliance with applicable environmental laws, regulations, and other requirements.
